

Alternative Argumentative Assignment

Because you're new to my class this term, you haven't had the chance to work on argumentative writing with everyone else. Instead, I want you to interview 5 of your classmate. This assignment will take the place of your final draft (worth 100 points), so each of your peers is worth 20 points. Write down who you interviewed, and their answers to your questions. You can type up your interviews, or just hand-write them, it's up to you. This is due on March 29th with everyone's final drafts.

Ask 5 of your peers the following questions:

1. What topic did you research and why did you choose it?
2. What was the most interesting thing you found while researching your topic?
3. What was your opinion on the topic? Why do you have this opinion?
4. What is the opposite opinion on the topic? Why do they believe the things they believe?
