

As your peers are presenting, please write down the following things on your own piece of paper. This will be part of your participation grade! You do not have to write down your own presentation.

- Presenter's Name
- The person the presenter researched
- 3 interesting things the presenter shared.

If you are the one presenting, write down your name and that you presented. Make sure your name, period, and date are on this paper, and turn the assignment in at the end of class.
